

## **Mladen Pejković**

### **CEO Vipnet – Croatia**

Mladen Pejković joined Vipnet team in 1999, taking over the position of Radio Network Optimization Manager. A year later he became the Head of Radio Frequency Engineering Department with the task of planning and optimizing the GSM network. In 2002 he was appointed Project Manager of UMTS implementation and commercial launch.

Mladen became Member of the Management Board and Vipnet CTO in 2003. In 2007, Mladen was appointed CEO of the newly founded Vip Operator, member of mobilkom austria group in the Republic of Macedonia. Under his leadership Vip operator started with commercial operations six months after obtaining the license. Following his return from Macedonia, Mladen became Vipnet CEO on January 1, 2008.

He was born in Zagreb in 1969, and graduated at the Faculty of Electrical Engineering at Zagreb University. Before joining Vipnet, he had worked at HPT.
