

INTERNATIONAL

regulation made simple

postal regulatory intelligence europe

Learn about, understand and keep up-to-date with European postal regulation and its varied national implementations.

The postal sector is changing fast. As the traditional market enters a steep decline, e-commerce is driving rapid and unprecedented growth in parcel delivery. These developments have an impact on the way that the sector is regulated, affecting postal operators and national regulatory authorities in particular.

At Cullen International, we provide independent and expert insight into the past, present and future of EU postal regulation. Subscribe to our Postal regulatory intelligence service, and we'll help you to stay informed as the sector evolves and to understand how that evolution affects you.

Topical coverage

EU level	National level
Postal Directives	Licensing and authorisation
Cross-border parcel Regulation	Universal service
European Regulation on drones	Modernising the USO
